### CHICAGO WINS FROM REDS

Cincinnati, O., June 30.—Chicago won a close and exciting game from Cincinnati to-day 3 to 2. Both Brown and Keefe pitched good ball. The fielding of Bates was a feature, all of his chances being difficult. Manager Chance returned to first base, and Hofman replaced Goode in centre. Score:

# NEW BRIDGE ACROSS SOUTH ANNA RIVER

Supervisors Join Hand and Will Build Modern Steel Structure at Ground Squirrel-Road-way Between Tnat Point and Chickahominy to Be Put in First-Class Condition.

Be Put in First-Class Condition.

The Council of the city of Richmond will be petitioned on Monday night by the Richmond Automobile Club, the Richmond Autom

cause of good roads were much elated yesterday to learn that Supervisors J. L. Saunders and C. H. Oliver, of Hanover county, have agreed to join hands for the purpose of completing that portion of the Richmond-Louisa-Gordonsville highway lying within the borders of that county.

New Bridge Assured.

Probably the most important work which will be undertaken by these men is that of bridging the South Anna River at Ground Squirrel. They have also agreed to place in first-class condition the roadway between the Chick-ahominy and Ground Squirrel, a distance of only seven and a half miles, but the most important link in the highway between Gordonsville and Richmond, and now in the worst possible condition.

The contract for the new bridge has

take.

How to Make Trip.

The first, and by far the better route, its to leave Richmond over the Brook Turnpike, going up this road to Solomon's store. At this point take the right hand fork, continuing straight ahead, following the telegraph poles, for a distance of twenty-one miles. Then turn to the right over the Ridge Road for sixteen inlies, joining the main road at Brickhouse.

The second route is to follow the present road two and one-half miles beyond Puryear's or Farrington's. Then turn to the left, following that road without any turnout and cross Terrell's Bridge at Auburn Afilis, at which point the main road is met.

It is the intention of the local good roads committee to gravel the roadway to a depth of six inches, thereby making a permanent road in any kind of weather at any season. There has not been quite so much enthusiasm in the cause since it was first taken up by the Richmond Automobile Club.

are being made.

It looks now as if the day is not far distant when the highway from Gordonsville via Louisa, Richmond, Williamsburg to Old Point and Newport News will be a reality.

Stole condition.

The contract for the new bridge has been awarded, and Supervisor Saunders has already started his road force and carts to work upon the road, working from Ground Squirrel Bridge toward Richmond.

During the construction of the Bridge, from August 1 to September in the road way will be closed for the distance between the two points mentioned, but there are at least two ways which those who desire to make the trip up the valley from Richmond can take.

How to Make Trip.

The first, and by far the better route, is to leave Richmond over the Brook Turnpike, going up this road to Solomon's store. At this point take the right hand fork, continuing straight a shead, following the telegraph poles, for a distance of twenty-one miles.

Then turn to the right over the Bidge.
